ILLINOIS FINANCE AUTHORITY STAFF MEMBERS

MR. BRAD FLETCHER, Assistant Vice-President (added at 9:07 a.m.)
MR. RICH FRAMPTON, Vice-President
MS. PAMELA LENANE, Vice-President
MS. ELIZABETH WEBER, General Counsel
MR. CHRISTOPHER B. MEISTER, Executive Director

MARZULLO REPORTING AGENCY (312) 321-9365

♀

1 CHAIRMAN HORNE: It is 8:30 exactly. It looks
2 like we have a quorum, but I will ask Elizabeth if
3 she could take the roll.

4 WEBER: Certainly. I'll take a roll of those
5 Members physically present. Chair Robert Horne?

6 CHAIRMAN HORNE: Here.

7 WEBER: Vice-Chair Lyle McCoy?
Page 2

8 MCOY: Here.
9 WEBER: Mike Goetz?
10 GOETZ: Here.
11 WEBER: Jim Fuentes.
12 FUENTES: Here.
13 WEBER: And Rob Funderburg?
14 FUNDERBURG: Here.
15 WEBER: Ex-Offi c i o.
16 CHAIRMAN HORNE: All right. Thank you. I guess
17 the first order of business is a review of minutes,
18 and we distributed minutes from the last meeting.
19 Are there any comments on the minutes?
20 Any amendments to the minutes? If not, do I have a
21 motion for approval of the minutes?
22 GOETZ: So moved.
23 FUENTES: Second.
24 CHAIRMAN HORNE: All in favor?
MARZULLO REPORTING AGENCY (312) 321-9365

♀

4

1 (A chorus of ayes.)
2 CHAIRMAN HORNE: Thank you. So our next item
3 is -- I think Brad's not -- Brad, are you going to
4 present over the phone, or do you want us just to
5 wait?
6 FLETCHER: I think because Rich has a very
7 difficult project, he wants to go first.
8 CHAIRMAN HORNE: Okay. So the first item on
9 the agenda was the Association House, but we could
10 -- if you want to do that, Rich, or we can move to
11 the second one, which I think is the housing deal.

12 FRAMPTON: Yes, we'll move on to Item 2, which
13 is a one-time Final Bond Resolution for Lindran
14 Properties, LLC, and IRG Bronzeville Group, LLC.
15 The project is known as the Better Housing
16 Foundation Shoreline Portfolio Project. The Better
17 Housing Foundation is a 501(c)(3) organization based
18 in Rocky River, Ohio.

19 This, in fact, is their first undertaking
20 of a 501(c)(3) bond financing. This will be the
21 first project that they own, but as I'll mention a
22 bit later, S&P, which will be rating the bonds,
23 reviews each of these projects as a stand-alone
24 project financing.

MARZULLO REPORTING AGENCY (312) 321-9365

†

5

1 They review these through their structured
2 finance group. So, really, what they're looking at
3 is not the corporation, but they're looking at the
4 property management and the historical performance
5 of the property.

6 And just to provide a quick overview of
7 the financial performance, these properties
8 collectively are currently at 89.4-percent
9 occupancy. After the bonds are issued, break-even
10 occupancy is 85 percent. So even now, without
11 filling any additional units, the projects are
12 already cash flowing.

13 So that's really the basis on which S&P
14 will base their ratings. So while I'm on the topic
15 of S&P and the ratings, I'm just going to pass out
16 an informational item that describes a sampling of

17 35 out of the 372 projects that S&P has rated over
18 time, and this includes a number of financings that
19 are from 2011 to 2016.

20 And several of these have been issued by
21 State Housing Authorities. All of these have been
22 originated on behalf of 501(c)(3) entities. Each of
23 the 501(c)(3) entities has contracted out the
24 management and the upfront development of these

MARZULLO REPORTING AGENCY (312) 321-9365

†

6

1 properties.

2 The Better Housing Foundation has been
3 established really to undertake preservation
4 projects for affordable housing in the Midwest, and
5 with the property manager whom they're working with,
6 which is Desak Development and their related
7 companies, which include Integrus Realty.

8 Their intention is to build a portfolio of
9 properties. The property manager has an existing
10 portfolio of 300 properties that they manage,
11 including 16 affordable properties in the same
12 neighborhoods where these are located.

13 Several of them have -- all their
14 affordable properties are HUD Housing Choice Voucher
15 properties. None of them have HAP contracts. So
16 all of the subsidies are actually tenant based.

17 GOETZ: They are all tenant based?

18 FRAMPTON: Yes.

19 GOETZ: None of them are project based?

20 FRAMPTON: That's correct.

21 GOETZ: Where do the tenants get their vouchers
22 from, Chicago Housing Authority?

23 FRAMPTON: Yes, from CHA.

24 GOETZ: Is there a pretty substantial waiting
MARZULLO REPORTING AGENCY (312) 321-9365

♀

7

1 list?

2 FRAMPTON: There is a waiting list for those,
3 but thirteen of the properties already have HCV
4 tenants. The only one that doesn't is the Vincennes
5 property, and that's the property to be filled.

6 So what this -- what the property manager
7 is hoping for is they will be targeting
8 HCV-qualified tenants to help fill the building.

9 That particular building is actually under
10 an additional rental restriction that dates to 2001,
11 and actually 30 percent of the units in that 60-unit
12 property. So 18 out of the 59 must be rented to
13 tenants who earn less than 50 percent of the area
14 median income.

15 And just to give you an idea what the area
16 median incomes are, for a one-person household, it's
17 \$43,000. For a two-tenant household, it is \$49,000;
18 and then from there, for each additional family
19 member, there is a \$5,000 allowance. So for four,
20 it would be \$59,000 or \$60,000, and it would go up
21 from there.

22 One other feature of these properties, of
23 this collection of properties, which if you turn to
24 page 20, there is a report on the occupancies and

1 performance of each of the 14 properties. One thing
2 to note, out of the 321 units in the portfolio, 42
3 of these units are three-bedroom, two-bath units.

4 So these aren't just targeted to single
5 people. There are 42 -- there are actually 42 units
6 targeted to families. So Integrus, the property
7 manager, intends to bring in HCV-qualified tenants
8 into Vincennes. That will make the effective or net
9 rate paid by their tenants effectively less.

10 Just in terms of the rental comps from the
11 appraisal, the rental rates in these properties are,
12 on average, lower than those cited in the appraisal
13 report.

14 All of the appraisal's property
15 conditional reports and environmental reports have
16 been prepared by consultants that have been engaged
17 by other project owners on S&P-rated projects. So
18 the Gill Group has been --

19 GOETZ: I'm very familiar with them. They are
20 very prominent in this business. Are they going to
21 use four-percent credits?

22 FRAMPTON: No.

23 GOETZ: Why?

24 FRAMPTON: No credits on this deal.

MARZULLO REPORTING AGENCY (312) 321-9365

1 GOETZ: Why wouldn't they use four-percent
2 credits to provide equity?

3 FRAMPTON: Well, based on the way that S&P is
4 underwriting these deals, they are going to --
5 they're going to realize 100-percent financing.

6 GOETZ: Okay.

7 FRAMPTON: And, actually, that is the -- that's
8 actually the model that has been used successfully
9 on a number of other projects, and I have Official
10 Statements from some other recent deals that
11 demonstrate what's being done here is completely in
12 line with the practice.

13 GOETZ: I'm just surprised.

14 FRAMPTON: The projects that seem to pursue
15 this model simply elect -- I think the foundations
16 elect to, since they don't have an equity gap, I
17 think -- one other thing on these properties, they
18 are not subjected to the strict rental rate
19 restrictions that they would be subject to if they
20 chose to use credits. So they have a little bit
21 more flexibility.

22 GOETZ: Okay.

23 McCOY: Richard, just a quick question. The
24 sample report you gave us, is that all deals or just

MARZULLO REPORTING AGENCY (312) 321-9365

♀

10

1 the Stifel deals?

2 FRAMPTON: Actually, from what -- I did a quick
3 research on EMMA to pull up whatever I could, and
4 out of 53 pages of projects from 2011 to 2016, these
5 were the ones that popped up.

6 So all, in fact, were Stifel deals, with
7 the exception of No. 23.

8 McCoy: Right.

9 FRAMPTON: And then there was another one; and
10 then 16, with Raymond James and CFG. That was the
11 only one, in fact, where Stifel or its predecessor
12 Merchant, were not the bankers.

13 McCoy: So expertise in this area is I guess
14 where I'm getting to.

15 FRAMPTON: Yes. So this is a niche product
16 that Merchant really came up with, but that's
17 probably one of the reasons why Stifel decided they
18 wanted to be in this space and purchase Merchant,
19 which was a boutique that was primarily a housing
20 outfit.

21 McCoy: Based in Birmingham.

22 FRAMPTON: Any other -- and then just to
23 reflect on performance, out of these 35 projects,
24 two were upgraded, three have been downgraded. The
MARZULLO REPORTING AGENCY (312) 321-9365

♀

11

1 two that have been downgraded were downgraded twice.
2 One was a more problematic property.

3 In terms of the debt service coverages,
4 what's forecast for the Shoreline portfolio at 1.35
5 or better going forward is consistent with the range
6 of ratings that we see in what S&P has rated to
7 date.

8 Now, the -- without a doubt, the biggest
9 risk on this project is where does the Cook County
10 Assessor come out, in terms of making a decision
11 regarding the borrower's property tax-exemption

12 request.

13 The developer's plan is to file that
14 immediately upon acquiring the properties. Last
15 year 2015, their total property tax payments were
16 roughly \$195,000. Of that, roughly \$18,000 was
17 attributable to the commercial spaces. Seventeen
18 out of the 18 commercial spaces are filled.

19 Presumably, after the acquisition, the
20 property taxes on the commercial units will be
21 passed through in the leases. So that would provide
22 a small bump.

23 But clearly, and I've laid this out in the
24 report on the very last page 23, what, in fact,

MARZULLO REPORTING AGENCY (312) 321-9365

‡

12

1 happens if there is a failure to obtain the property
2 tax exemption, and that's laid out in the last
3 captioned section on page 23.

4 Under those scenarios, you are probably
5 looking at a triple B or triple B minus, if the
6 bonds were to be rated just as a single tranche.
7 Given that, it's possible that the underwriter may
8 discuss further with S&P, split the cash flows into
9 two tranches, have a higher-rated tranche that
10 obtains the A minus rating, and the lower-rated
11 tranche would probably be triple B, maybe even
12 triple B minus.

13 Out of the projects in the report, there
14 are only two that have been structured with
15 subordinate debt so far. The subordinate tranches
16 have each time been rated triple B. We were hoping

17 that the developer would be able to obtain the
18 rating assignment from S&P in advance of our
19 mailing; but irrespective of that, given our bond
20 program handbook requirements for bonds that are
21 sold on a retail basis, as long as the bonds carry a
22 minimum rating, investment grade rating, which is
23 triple B minus, it would satisfy IFA policies for
24 sale into the retail market.

MARZULLO REPORTING AGENCY (312) 321-9365

†

13

1 CHAIRMAN HORNE: So we can make it subject --
2 approval subject to that approval of rating?

3 FRAMPTON: Yes. And, as a matter of fact, on
4 page 2, the recommendation and conditions, that is
5 the condition that staff and Credit Review Committee
6 have imposed.

7 CHAIRMAN HORNE: Got it.

8 FRAMPTON: We'll give it the green light,
9 provided that the lowest-rated bond is at least
10 triple B minus.

11 CHAIRMAN HORNE: Can I ask just a couple
12 questions?

13 FRAMPTON: Sure.

14 CHAIRMAN HORNE: Mike, you have a lot of
15 experience, I think. I mean, in terms of your
16 review of this, how did you --

17 GOETZ: Well, I'm just surprised they're not
18 using four-percent credit. That provides equity.
19 I'm surprised they are not using four-percent
20 credits, because those credits provide equity. It

21 doesn't have to be paid back as part of the
22 financing deal.

23 And, you know, Rich has seen this both
24 ways. Obviously, there is a lot of housing people

MARZULLO REPORTING AGENCY (312) 321-9365

♀

14

1 doing without the four-percent credits.

2 CHAIRMAN HORNE: And the four-percent credits
3 adds some restrictions to the renter pool?

4 FRAMPTON: Yes. Well, they actually impose
5 rents, maximum rents, on the units.

6 CHAIRMAN HORNE: Okay. So, yes, I see.

7 GOETZ: Yes.

8 CHAIRMAN HORNE: So there's -- I understand
9 both sides.

10 GOETZ: It gives them a little bit more
11 leverage.

12 CHAIRMAN HORNE: And then I guess another
13 question I have, and I've been with this group for a
14 short period, but this is really the first time I've
15 seen this type of, you know, proposal.

16 So I guess my question is how familiar are
17 we with this type of loan? Have we done many of
18 them? What's been the performance in the loans that
19 we've issued on this?

20 FRAMPTON: I also prepared a report on IFA's
21 historical bond issuance, housing bond issuance
22 activity; and, actually, in terms of the projects in
23 this list --

24 GOETZ: There are a lot of SLFs.

MARZULLO REPORTING AGENCY (312) 321-9365

1 FRAMPTON: But the SLF projects I should add
2 were all non-rated. So those bonds were non-rated
3 and sold in minimum denominations of \$100,000.
4 William Blair, who underwrites -- who is the
5 underwriter for all of those, was able to get those
6 sold on a non-rated basis.

7 And, as you know, Mike, one of the factors
8 relating to the SLF program was it -- Illinois was
9 the first state with that product, and S&P was just
10 the -- any of the rating agencies weren't prepared
11 to rate a one-state program.

12 GOETZ: Right. Well, it's a whole different
13 model.

14 FRAMPTON: And, you know, those also had
15 construction, the lease-up risk. Although on the
16 other hand, the tenants were also Medicaid eligible.

17 GOETZ: Right.

18 FRAMPTON: And they were able to assign their
19 Medicaid.

20 GOETZ: Right.

21 CHAIRMAN HORNE: So it appears there's been
22 historic blending in this area. Maybe not as
23 recently as -- it looks like there is kind of a
24 larger confluence before '06, '07; less since '07.

MARZULLO REPORTING AGENCY (312) 321-9365

1 Personally, I think it's a really
2 important area that I'm happy to see our

3 involvement; and, you know, there is a real need for
4 this in our state. And so the fact that we're
5 involved is important, I think. I'm glad we're
6 doing it.

7 GOETZ: Doesn't IHDA usually do these kind of
8 deals? Do they know we're doing this deal?

9 FRAMPTON: I have no -- IHDA and other issuers,
10 who were approached by the borrower in this
11 development team, they approached several --

12 GOETZ: Did they?

13 FRAMPTON: They approached several issuers.
14 One of the issues on this deal is that actually
15 these properties have been tied up on contracts for
16 a little over two years.

17 CHAIRMAN HORNE: Wow.

18 FRAMPTON: And, actually, the Better Housing
19 Foundation actually bought the purchase contract
20 rights from prior purchasers. So the sellers have
21 been strung along for quite a while. And, actually,
22 the purchase contracts end at the -- terminate at
23 the end of the month.

24 GOETZ: So did they decide we could move
MARZULLO REPORTING AGENCY (312) 321-9365

♀

17

1 quicker than IHDA?

2 FRAMPTON: Yes.

3 GOETZ: Because I know it's very slow.

4 FRAMPTON: IHDA conceded that they could not
5 move in the required timeframe. So another reason
6 why we felt it was appropriate not to wait for the
7 rating, assuming that they are able to get the

8 rating, which we think we have reason to believe is
9 very feasible, this would be able to close before
10 the end of the month.

11 And then the Foundation will not have to
12 wait for -- potentially have to put down additional
13 earnest money to extend the purchase contracts, so
14 which would not serve the purpose of the borrowing.
15 You know, it might lay more debt onto the project.

16 GOETZ: Okay, that makes sense, if we can do it
17 quicker than they can.

18 CHAIRMAN HORNE: Two other quick questions. I
19 know we're kind of constrained on time, but one was
20 the cost of borrowing. I'm just kind of curious,
21 you know, I look at borrowing for housing, and it's
22 generally very competitive, and I'm just curious
23 what strikes -- what drives the pricing of this
24 offering?

MARZULLO REPORTING AGENCY (312) 321-9365

♀

18

1 FRAMPTON: Well, in terms of the ratings or
2 blended rate, that's Stifel's take on what they
3 expect to get when they --

4 CHAIRMAN HORNE: When they go to market?

5 FRAMPTON: When they go to market.

6 CHAIRMAN HORNE: Okay. I was just more curious
7 than anything. And then last question, the note
8 says the borrowers are joint and several on the
9 loan, but aren't the borrowers technically just LLCs
10 collateralized with the asset? So is it really just
11 -- really the assets are the guarantee on the loan?

12 FRAMPTON: That's exactly right.

13 CHAIRMAN HORNE: There is really no guarantee
14 of entity beyond the asset?

15 FRAMPTON: That's exactly right. So one of the
16 things, actually, that we pushed for, if you look at
17 uses in the third line item under "uses, third-party
18 reports and other pre-acquisition costs," those
19 include the escrow payments that have been put down
20 by the Better Housing Foundation's consultant to tie
21 up the properties, and -- to tie up the properties,
22 also to pay for the 14 environmental -- phase-one
23 environmental reports, the appraisals, the property
24 condition assessments, all those things.

MARZULLO REPORTING AGENCY (312) 321-9365

♀

19

1 So one of the other push points that we
2 had with the borrower was to defer payment -- I
3 shouldn't say payment, reimbursement for that
4 \$556,000, thereby keeping cash in the project for
5 another year, for at least another year.

6 CHAIRMAN HORNE: Did they agree to that?

7 FRAMPTON: Yes.

8 CHAIRMAN HORNE: Great. Okay.

9 FRAMPTON: So they'll only be taking \$250 out
10 at closing, and they provided documentary evidence
11 on the rest of it.

12 CHAIRMAN HORNE: Okay.

13 GOETZ: What about their developer fee?

14 FRAMPTON: Well, that's built into the \$556.

15 GOETZ: Okay.

16 MEISTER: Chairman Horne, just a couple of very

17 quick points. Number one, we're very excited about
18 this project. As Rich described, this is a case of
19 first impression for the Authority.

20 The other housing projects that we've done
21 are different types rather than the structure that
22 is proposed today. Housing has always been in our
23 statute. It's also in the name and the statute of
24 the Housing Development Authority; and over the past

MARZULLO REPORTING AGENCY (312) 321-9365

†

20

1 several years, including with the new Executive
2 Director, we've had very good relationships with
3 IHDA.

4 I want to draw the Members' attention to
5 the issuers on the sample stand-alone conduit
6 housing bonds between 11 and 16, which show these
7 models in other states.

8 Numbers 20 through 35 I believe are all
9 the Wisconsin-based Public Finance Authority that I
10 mentioned to the Members in the past is a
11 Wisconsin-based purported issuer of national conduit
12 bonds.

13 Also, project number one, the California
14 Statewide Communities Development Authority is tied
15 to or some of the same people are also involved with
16 the public Finance Authority of Wisconsin, but I
17 want to highlight that.

18 I would have mentioned this project and
19 highlighted it in my message for the Executive
20 Director. Obviously, given the complexity, we

21 weren't quite ready when the Board book went to
22 print, but we're excited about it. Rich deserves
23 compliments. He spent --

24 FRAMPTON: It really was 14 projects.

MARZULLO REPORTING AGENCY (312) 321-9365

♀

21

1 MEISTER: I think that he spent hundreds of
2 hours on this project, it's innovative for us. And
3 I think the rest of the state, the Illinois Commerce
4 Commission asked me to participate, along with IHDA,
5 a couple weeks ago when a forum that the Commission
6 was having on energy efficiency and affordable
7 housing, and the advocates pointed out housing of
8 the type described in this project is naturally
9 occurring low-income housing that should be
10 preserved and strengthened. And given Rich's
11 leadership, the Finance Authority is moving in that
12 direction.

13 CHAIRMAN HORNE: I think it's a great
14 direction. I commend the staff for doing that.
15 Well, are there any other questions on this, or
16 should we move to vote on this one?

17 If none, I would ask for a motion to
18 approve this.

19 GOETZ: So moved.

20 CHAIRMAN HORNE: Second?

21 McCOY: Second.

22 CHAIRMAN HORNE: All in favor?

23 (A chorus of ayes.)

24 CHAIRMAN HORNE: Great. Thank you.

MARZULLO REPORTING AGENCY (312) 321-9365

1 FRAMPTON: I would like to just note to Mark
2 DeAngelis, who is the president of Desak and
3 Integrus, will be making an appearance at the 9:30
4 meeting.

5 CHAIRMAN HORNE: Great.

6 MEISTER: And before we go on to the next
7 projects, I would like to introduce Eric Buske.
8 He's is the Associate General Counsel of the
9 Governor. He comes from Kirkland & Ellis, and he's
10 going to be working with the Authority in the future
11 in the role formerly played by Emily Bastedo, and to
12 a lesser extent Mitch Holster.

13 BUSKE: I look forward to working with you all.

14 CHAIRMAN HORNE: I think, Pam, do you want to
15 do Rockford?

16 LENANE: Me?

17 CHAIRMAN HORNE: Yes.

18 LENANE: I can.

19 CHAIRMAN HORNE: I think -- Brad, what's your
20 ETA, Brad?

21 FRAMPTON: Maybe he's on Lower Wacker.

22 CHAIRMAN HORNE: All right. Let's do Rockford.

23 LENANE: Okay.

24 CHAIRMAN HORNE: I'm sorry.

MARZULLO REPORTING AGENCY (312) 321-9365

1 LENANE: MercyRockford Healthcare System
2 Corporation is seeking a Final Bond Resolution for

3 \$525,000,000. These proceeds will be used to fund
4 new money projects, especially the Rockford Memorial
5 Hospital, the new second campus for Rockford
6 Memorial.

7 Also, refinance all or a portion of the
8 Rockford Memorial Hospital bonds for 2008 and 2012,
9 and also refund all or a portion of the Mercy
10 Alliance Obligated Group Bond for 2010A.

11 It will also fund one or more debt service
12 reserves, pay a portion of the interest accruing,
13 and pay certain swap termination payments.

14 You saw this last month at the Board
15 meeting, and the vote was in favor of it. 331 new
16 jobs will be created with the new hospital; and
17 during the period of construction 1,000 to 1,500
18 construction jobs will be used.

19 MercyRockford Health System is a sole
20 member of Rockford Memorial Hospital. MercyRockford
21 Health System was created in January 2015 between
22 the merger of Mercy Alliance in Janesville,
23 Wisconsin and Rockford Memorial Hospital in
24 Rockford. You've seen this before.

MARZULLO REPORTING AGENCY (312) 321-9365

♀

24

1 I take you back -- oh, Mercy Rockford
2 expects to receive a rating from Moody's later
3 today, a AA3.

4 CHAIRMAN HORNE: Great.

5 LENANE: And Fitch -- excuse me, no, they are
6 just going with one. Sorry. Excuse me. Yes, just
7 one, Moody's AA3. And if we go back, we've gone

8 over the financials at the last month's Board
9 meeting.

10 The debt service coverage for both
11 entities combined is 4.0 and day's cash on hand is
12 238.7. Strong financials. Hence, they are going to
13 be able to receive a rating from Moody's of AA3, and
14 Henry Seybold, the CFO of Mercy Rockford Health
15 System, will be here today to answer any questions.
16 And he's supposed to have an artist's rendering of
17 the hospital, architect's rendering with him. I
18 haven't seen him yet.

19 CHAIRMAN HORNE: Great.

20 LENANE: Any questions?

21 CHAIRMAN HORNE: Just one question I had. So
22 when you go through the sources and uses, it says
23 you've got the bonds and then premium of
24 \$56,000,000. I just didn't know what premium meant.

MARZULLO REPORTING AGENCY (312) 321-9365

♀

25

1 You got the bond amount.

2 LENANE: Yeah, premium bonds. Let me explain
3 that.

4 CHAIRMAN HORNE: I was trying to understand
5 what that was.

6 LENANE: I know. I know. Let me -- well, we
7 have Trustee held bonds.

8 WEBER: If the rate is higher than what the
9 market would otherwise pay, then you get some
10 premium from the sale of the bond?

11 CHAIRMAN HORNE: So it's basically rate

12 related?

13 WEBER: It's rate related.

14 CHAIRMAN HORNE: It allows the bond amount to
15 go up or down?

16 WEBER: Right. Right. Bonds can be sold at a
17 discount.

18 CHAIRMAN HORNE: At par?

19 WEBER: At par, which is 100 percent.

20 CHAIRMAN HORNE: For a premium based on the
21 rating. Okay, that's exactly what I thought. I
22 just didn't know what that was.

23 WEBER: Pam?

24 LENANE: Yes. Thank you, Elizabeth.

MARZULLO REPORTING AGENCY (312) 321-9365

‡

26

1 WEBER: I just wanted to make sure that you
2 didn't have a different understanding.

3 LENANE: No, no, that's excellent.

4 WEBER: Okay.

5 LENANE: Thank you.

6 CHAIRMAN HORNE: Is there any other questions?
7 Okay, Pam, thank you.

8 Should we take a vote on -- I would like
9 to move for approval of the Rockford --
10 MercyRockford and Iowa Health Systems.

11 LENANE: No, Iowa, just Mercy Rockford Health
12 Systems. It says Iowa?

13 CHAIRMAN HORNE: And Iowa.

14 LENANE: In your script? Oh, I'm sorry I
15 apologize. Typo.

16 CHAIRMAN HORNE: Motion?

17 GOETZ: So moved.

18 FUENTES: Second.

19 CHAIRMAN HORNE: All in favor?

20 (A chorus of ayes.)

21 CHAIRMAN HORNE: Thank you. Brad Fletcher just
22 entered the room.

23 WEBER: At 9:07.

24 CHAIRMAN HORNE: At 9:07. Thank you. So,
MARZULLO REPORTING AGENCY (312) 321-9365

†

27

1 Brad, I don't know if you want to be take a deep
2 breath before you present. You're on the agenda to
3 present the Association House of Chicago.

4 FLETCHER: So tab No. 1 in your Board book is
5 Association House of Chicago. Association House is
6 a safety net social services provider. It is
7 located in Humboldt Park, which is just northwest
8 inside the City of Chicago here.

9 They are seeking to refinance their Series
10 2007 bonds, which we originally issued for
11 construction of their main headquarters on Kedzie
12 Avenue. At this time they are also seeking to, on a
13 tax-exempt basis, finance approximately \$1,000,000
14 in facility improvements.

15 If you turn to page 3 of the report, it
16 lists some of the proposed changes to the facility,
17 upgrades, if you will. They include replacing two
18 steam boilers in the basement, adjusting the chimney
19 heights on the main facility, replacing one of their
20 elevators, cooling tower replacement, as well as

21 some design soft cost; architectural, engineering.
22 The refunding current outstanding amount
23 is approximately \$4.8 million. So there will be
24 interest savings there going forward.

MARZULLO REPORTING AGENCY (312) 321-9365

♀

28

1 If I could turn your attention, please, to
2 the confidential section of the report. On the top
3 of page 8, you'll see that we have an estimated fee
4 there that is discounted from our regular fee
5 schedule.

6 Because Association House is a safety net
7 social services provider, and because of the reasons
8 listed there, mainly the funding challenges given
9 the budget impasse in the State of Illinois, we
10 would like to recommend a discounted fee of \$20,000.

11 To provide a little context there, with
12 the expected par issuance amount of \$5.9 million,
13 we're giving them a break of roughly \$9,000;
14 whereas, if we let another home-rule municipality
15 issues these bonds, we would only receive \$10,000.

16 So we're kind of splitting the difference,
17 trying to be amenable to a safety net social
18 services provider here. So we would like your
19 approval on that as well.

20 They're a non-rated entity. The bonds
21 will be purchased directly by PNC Community
22 Development Company, which is an affiliate of PNC
23 Bank. Because they're non-rated, we provided a
24 forecast on page 8, which is summarized in the chart

1 there.

2 2013 and 2014 were average expected years
3 for an entity of this type and its size. In 2015,
4 you'll note that they experienced quite a variance
5 in their operating net loss, which was approximately
6 \$198,000 in the negative. Resulting EBIDA earnings
7 before interest depreciation amortization was
8 likewise lower.

9 That was due to the overall economy, as
10 their financial advisor explained; whereas, the
11 years prior, the S&P 500, the market value of
12 securities, on average, went up 20 percent; and in
13 the 2015 fiscal year, they only went up 5 percent.

14 So that restriction on growth greatly
15 affected their revenues as well as Medicaid
16 revenues.

17 CHAIRMAN HORNE: Can you back up for a minute?

18 FLETCHER: Sure.

19 CHAIRMAN HORNE: I'm not sure I followed that
20 last comment about the S&P 20 percent, 5 percent. I
21 don't remember 20 percent S&P earnings.

22 FLETCHER: In 2014, S&P, on average, was
23 increased 20 percent in the value of securities.

24 CHAIRMAN HORNE: How does that translate to
 MARZULLO REPORTING AGENCY (312) 321-9365

1 this?

2 FLETCHER: For their revenues, I'll draw your

3 attention, if I may, on page 9 to the third
4 paragraph. So their net realized and unrealized
5 gains were significantly lower in 2015 compared to
6 the year prior. Their dividend and interest income
7 was lower as well as their net realized and
8 unrealized investment gains.

9 Specifically, in 2014, they had unrealized
10 and realized gains of net approximately of
11 \$1.5 million; whereas, in 2015, that was reduced to
12 only \$151,000. So that significantly is reflected
13 on their income statement.

14 MEISTER: Brad, is this the importance of the
15 investment gains for social service agencies? If I
16 recall, this agency has some sort of foundation or
17 annuity or something behind it.

18 FLETCHER: That's correct. They have an
19 investment endowment value of approximately
20 \$10,000,000. That's really the catalyst here. That
21 is really what is driving their ability to continue
22 to finance forward.

23 CHAIRMAN HORNE: Do they have to sell assets to
24 operate if they're in the red? Do they reduce that

MARZULLO REPORTING AGENCY (312) 321-9365

♀

31

1 endowment?

2 FLETCHER: Generally, the endowment value of
3 the fund is unrestricted, which allows it to be sold
4 for operating, if needed.

5 PNC's commitment letter, in fact, when
6 they calculated the debt service coverage for
7 Association House, which we likewise reflect in our

8 report, assumed that 4.5 percent of the investments
9 would be sold on a per-annum basis, if needed, for
10 operating.

11 CHAIRMAN HORNE: To cover its spread on the
12 debt?

13 FLETCHER: That's correct.

14 CHAIRMAN HORNE: Got it.

15 FLETCHER: So going forward, because they are
16 facing this new reality with the State of Illinois
17 budget impasse, because they don't want to rely on
18 investment gains being as high as they were, in at
19 least 2014, they've increased some of their fee
20 revenue upwards of 900 percent.

21 They've undertaken an aggressive
22 fundraising campaign; and, as well, they've lowered
23 their operating expenses. So the fact is they are
24 showing effective management. So on a forecast

MARZULLO REPORTING AGENCY (312) 321-9365

♀

32

1 basis, we projected they'll generate sufficient
2 operating cash flow to cover the proposed debt
3 service on the bonds.

4 And I should add \$4.8 million of this
5 \$5.9 million financing is simply a refunding at a
6 lower interest rate.

7 CHAIRMAN HORNE: Right.

8 FLETCHER: So they're smoothing out their debt
9 service and lowering their payments, so we're
10 providing a benefit.

11 CHAIRMAN HORNE: Great. Are there any

12 questions for Brad on this? If none, motion to
13 approve?

14 GOETZ: So moved.

15 McCOY: Second.

16 CHAIRMAN HORNE: All in favor?

17 (A chorus of ayes.)

18 CHAIRMAN HORNE: What do we have left? We have
19 some resolutions.

20 LENANE: Me. Iowa Health Systems.

21 CHAIRMAN HORNE: I'm sorry.

22 LENANE: That's okay.

23 CHAIRMAN HORNE: I thought I was merging that
24 with Rockford.

MARZULLO REPORTING AGENCY (312) 321-9365

‡

33

1 FUENTES: Me, too.

2 CHAIRMAN HORNE: Okay. I'm sorry.

3 LENANE: I'm sorry that happened in the script.

4 CHAIRMAN HORNE: No, no, that's fine. Pam, if
5 you could present Iowa.

6 LENANE: Yes, I'd be happy to. Iowa Health
7 System, doing business as UnityPoint Health, is
8 coming -- seeking a final resolution for
9 \$60,000,000.

10 The bond proceeds will be used to refund
11 the Proctor Hospital 2006A bonds. \$22,000,000 will
12 be for the benefit for the Methodist Medical Center
13 in Peoria to purchase and renovate 81,000
14 square-foot warehouse building space, which will
15 include classrooms, laboratories, faculty offices
16 and support services for the College of Nursing,

17 along with an additional 45,000 square feet for
18 warehouse space.

19 Also, they will be doing exterior
20 renovations on the Glen Oak and east-west building
21 of Methodist Memorial Hospital. This was approved,
22 the Preliminary, at last month's Board meeting.
23 UnityPoint Health is currently rated AA3 and
24 AA minus by Moody's and Fitch.

MARZULLO REPORTING AGENCY (312) 321-9365

†

34

1 If we go back to the financials, they are
2 still the same, very strong debt service coverage of
3 5.0, and day's cash on hand of 219 days.

4 CHAIRMAN HORNE: Great. That's solid. Are
5 there any questions? If none, I would ask for a
6 motion.

7 GOETZ: So moved.

8 FUENTES: Second.

9 CHAIRMAN HORNE: All in favor?

10 (A chorus of ayes.)

11 CHAIRMAN HORNE: Great. Thank you. All right.
12 Now we move to -- I believe there are a few
13 resolutions requiring our attention. I'll go to the
14 first one.

15 FLETCHER: The first one is tab No. 5 in your
16 books, which is the resolution on behalf of Chinese
17 American Service League and U.S. Bank. Our
18 predecessor agency, IDFA, originally issued bonds
19 for this borrower in 2002 for construction of their
20 community center, which is located in the Chinatown

21 on Princeton just north of Cermak.

22 This borrower came back to IFA in 2010 to
23 privately place the outstanding bonds, which at the
24 time was RBS Citizens, which then became acquired by
MARZULLO REPORTING AGENCY (312) 321-9365

♀

35

1 Charter One, which is now U.S. Bank.

2 So at this time, U.S. Bank is the sole
3 bondholder of these outstanding bonds, which are
4 currently outstanding in the principal amount of
5 \$2.9 million.

6 They are simply seeking an interest rate
7 reset and extension of that interest rate period for
8 the next five years. This would be considered a
9 reissuance for tax purposes. We've seen quite a lot
10 of these. Rich and I talked about this at length
11 recently. It's upwards of two to three almost on a
12 monthly average, at least, for interest rate resets.

13 So at this time and going forward, and we
14 put this in the resolution, we would like to request
15 a \$500 closing fee to cover the cost that go into
16 our review of this, as well as Elizabeth's.

17 Because we are seeing two or three of
18 these a month. So that's in the report, and it will
19 likewise be in a resolution.

20 CHAIRMAN HORNE: I would just ask on the \$500,
21 does that cover our cost?

22 FLETCHER: Well --

23 CHAIRMAN HORNE: I mean, my question is about
24 fees generally. You know, should we be at a loss on

1 fees; or should we be, at a minimum, be at a break
2 even on fees in that situation?

3 FLETCHER: Right now we're collecting zero fee.
4 We've been simply doing these --

5 MEISTER: The custom on these, raising it up
6 and getting the Board input, the custom had been
7 this was part of the longer-term Authority service
8 as the issuer to the borrower.

9 FRAMPTON: For charging a significant upfront
10 fee?

11 MEISTER: Yes.

12 CHAIRMAN HORNE: So it's really kind of the
13 test of the rationale historically?

14 FLETCHER: As far as this specific project, you
15 know, in 2010, when these bonds were amended, if you
16 will, they were put into private placement mode, we
17 collected a regular fee there; and with \$2.9
18 million, this is likely the last time we'll see this
19 transaction. So we wanted to collect just a small
20 check just to --

21 CHAIRMAN HORNE: I will tell you my own
22 experience, I borrow, like, CMBS debt, and any time
23 you just pick up the phone you're charged. So, I
24 mean, it's not uncommon at all for both paying the

MARZULLO REPORTING AGENCY (312) 321-9365

1 upfront fee, but also a maintenance fee, if you
2 will.

3 So I don't see it as being outside of
4 market, and my only question is, you know, in terms
5 of us as an organization, our fee structures.

6 FLETCHER: Our application fees for new
7 projects are generally \$1,000. So this is
8 discounted from that even.

9 CHAIRMAN HORNE: Yes.

10 FLETCHER: We recognize that -- go ahead.

11 FRAMPTON: It's less time than reviewing an
12 application, certainly.

13 FLETCHER: That's true, much less time.

14 CHAIRMAN HORNE: Okay. If you're supporting
15 it.

16 MEISTER: Yes.

17 CHAIRMAN HORNE: I just want to make sure that
18 we operate it --

19 FUNDERBURG: That's a great question, and I
20 think what we should do is have a conversation going
21 forward.

22 MEISTER: Yes.

23 FUNDERBURG: And report back as to what the
24 plan is going to be. That's satisfactory?

MARZULLO REPORTING AGENCY (312) 321-9365

♀

38

1 CHAIRMAN HORNE: Yes, I like that fact, yes.

2 MEISTER: And, also, just in the context of
3 fees, at consolidation in '04, there were a number
4 of different fee models in the predecessors. Some
5 had annual fees, some had upfront fees.

6 I think probably going forward, this is
7 the first step that the Board will have to be

8 informed of the history, the expectations of the
9 borrower, and future needs, but I think that that's
10 a conversation going forward.

11 CHAIRMAN HORNE: Well, I think I would add that
12 you should look at the market and just look outside
13 of our walls and say, "What are other people doing?
14 What's Wisconsin doing?"

15 What's -- you know, in terms of how we're
16 setting fee structure, we have to look at --we have
17 to, A, be competitive.

18 MEISTER: Yes.

19 CHAIRMAN HORNE: We can't outprice ourselves,
20 but at the same time we don't want to be under
21 priced either.

22 MEISTER: Yes.

23 CHAIRMAN HORNE: Okay. So anyway. All right.
24 Any other thoughts on this resolution? If none,

MARZULLO REPORTING AGENCY (312) 321-9365

♀

39

1 motion to approve?

2 McCOY: Motion to approve.

3 FUENTES: Second.

4 CHAIRMAN HORNE: All in favor?

5 (A chorus of ayes.)

6 CHAIRMAN HORNE: Okay. Rich, you had a
7 resolution, I believe.

8 FRAMPTON: There's one more.

9 CHAIRMAN HORNE: One more? Oh, I'm sorry.
10 Here we go.

11 FLETCHER: So tab number 6 is the next

12 resolution in your book. That's a resolution on
13 behalf of Precision Resource, through its affiliate
14 700 Hickory Hills Drive, LLC, and Wells Fargo Bank.

15 Unlike the previous resolution, we're
16 treating this as a technical amendment. They're
17 simply looking to change the definition of the
18 interest rate through the bond documents; and, in
19 fact, to be more specific, what they're attempting
20 to do is add an interest rate floor.

21 The interest rate formula through the bond
22 documents is based on LIBOR, which I'm sure Members
23 of this Committee are familiar with. In the
24 unlikely event that LIBOR was to go negative, they

MARZULLO REPORTING AGENCY (312) 321-9365

‡

40

1 wanted to be ensure they had an interest rate floor
2 of 0.00 percent.

3 Something like this, we provide customer
4 service on that.

5 FRAMPTON: So Wells wouldn't be paying
6 Precision Resource.

7 FLETCHER: Unlike the previous resolution where
8 they're actually resetting the rate and extending
9 the interest rate period, this is just a change in
10 the definition. We're happy to provide this type of
11 customer service as a technical amendment. So no
12 fee.

13 CHAIRMAN HORNE: Motion to approve that?

14 GOETZ: So moved.

15 McCOY: Second.

16 CHAIRMAN HORNE: All in favor?

17 (A chorus of ayes.)

18 FRAMPTON: Next item 7. Okay?

19 CHAIRMAN HORNE: Yes.

20 FRAMPTON: Item 7 is a resolution to authorize
21 a transfer of \$4,000,000 of the Authority's
22 remaining Qualified Energy Conservation Bond
23 issuance allocation to the Metropolitan Water
24 Reclamation District of Greater Chicago.

MARZULLO REPORTING AGENCY (312) 321-9365

†

41

1 This Qualified Energy Conservation Bond
2 issuance allocation goes back to the 2009 American
3 Recovery and Reinvestment Act; and under that, there
4 was -- under those provisions, the State of
5 Illinois, as a whole, was allocated roughly
6 \$133,000,000.

7 Out of that \$133,000,000, the Authority
8 ultimately received an allocation of approximately
9 \$22.6 million to provide to projects statewide.
10 Although, initially, we had contemplated actually
11 issuing these bonds through our local government
12 program.

13 One of the issues with this Qualified
14 Energy Conservation Bond, along with the Build
15 America Bonds at the time is whoever acts as issuer
16 is the taxpayer, as far as the IRS is concerned.

17 And so if, for example, on this deal, IFA
18 were to issue these bonds for the Water Reclamation
19 District, we would actually be receiving the direct
20 pay interest rebate from the Department of Treasury,

21 and then remitting it to the Water Reclamation
22 District.

23 So we would have to be running that
24 through IFA. We would also be potentially subject

MARZULLO REPORTING AGENCY (312) 321-9365

♀

42

1 to IRS audits, to the extent -- well, there has been
2 sequestration or reduction or discounting on the
3 payments, on these payments.

4 We would be involved in all that. We
5 would, no doubt, be having to report that to our
6 auditors. So instead of doing that, what we're
7 doing here is collecting the same fee that we would
8 receive from issuing the bonds. That's 15-basis
9 points.

10 So we have all the upside with none of the
11 downside. So we will -- the recommendation is to
12 transfer \$4,000,000 of this QECCB issuance authority
13 to the Water Reclamation District; and as a result,
14 this financing will benefit projects that serve over
15 3.1 million people in the state.

16 So our objective with this program was to
17 -- has been to benefit as many Illinois taxpayers as
18 possible. The example on page 2 notes the degree of
19 the subsidy and how the mechanics of the rebate
20 subsidy work.

21 The result is a 29-year fixed rate that is
22 lower than anything that MWRD, or any other QECCB
23 borrower would be able to obtain through any other
24 means, including tax-exempt bonds.

1 CHAIRMAN HORNE: And that's a tax-exempt rate?

2 FRAMPTON: No, the bonds that are sold are
3 taxable, and the mechanics of this are that the
4 Department of Treasury actually provides a direct
5 interest payment subsidy. So in the example --

6 CHAIRMAN HORNE: Under that example, that 2.31
7 percent is actually the taxable rate?

8 FRAMPTON: 5.48 percent is the taxable rate.
9 The interest subsidy that's paid by the Department
10 of Treasury back to MWRD is 3.17 percent. So the
11 effective interest rate that is paid by MWRD would
12 be 2.31 percent.

13 CHAIRMAN HORNE: Okay.

14 FRAMPTON: So it's the net rate that is the
15 benefit.

16 CHAIRMAN HORNE: So after we do this
17 transfer -- I see. I would call it -- is it a
18 transfer?

19 FRAMPTON: Yes.

20 CHAIRMAN HORNE: We're down to \$755,000.

21 FRAMPTON: Which is insufficient to justify
22 undertaking another transaction.

23 CHAIRMAN HORNE: Which I guess then my next
24 question is: Can't we transfer the entire balance

MARZULLO REPORTING AGENCY (312) 321-9365

1 to them?

2 FRAMPTON: MWRD has a capital plan, and this

3 QECB issuance is actually one part of their two-year
4 financing plan. And their Board authorizing
5 resolution for the QECBs, they have undertaken a tax
6 analysis, and they've determined that with the
7 projects that they are contemplating, they only have
8 \$4,000,000 of projects. So --

9 CHAIRMAN HORNE: Do we have any time limitation
10 for us on this?

11 FRAMPTON: There is no expiration date. My
12 recommendation on this is that, overall, there are
13 27 borrowers statewide, and probably about 20 of
14 those still have a significant enough allocation to
15 potentially be able to put this \$700,000 to use.

16 So what I would suggest is that the
17 Authority reach out to the other allocatees.

18 CHAIRMAN HORNE: Take it off our books, get it
19 to work.

20 FRAMPTON: That is exactly right.

21 MEISTER: And one of the unforeseen challenges
22 with the implementation of the stimulus ARRA several
23 years ago was that in both. QECBs, but also with
24 certain of the Recovery Zone Facility items that we

MARZULLO REPORTING AGENCY (312) 321-9365

♀

45

1 used with the Navistar project, there was no state
2 law mechanism to regather sort of the excess or the
3 remainder.

4 CHAIRMAN HORNE: Unused.

5 MEISTER: Unused. And we passed a law, and we,
6 I believe, have the legal authority to cap this up
7 for the QECBs, which are the I think the sole

8 remaining -- the sole remainder.

9 FRAMPTON: They are the remnant of the ARRA.

10 MEISTER: Of the '09. In our part of the
11 world, they are the remnant.

12 CHAIRMAN HORNE: Right.

13 MEISTER: And just another note, Metropolitan
14 Water Reclamation District is also the largest
15 single borrower in the joint Finance
16 Authority/Illinois Environmental Protection Agency
17 state revolving fund borrowing. And so we're happy
18 to be of assistance to them, and they are an
19 excellent partner and an excellent borrower.

20 CHAIRMAN HORNE: Good. Okay. Any other
21 questions? If none, motion for approval?

22 GOETZ: So moved.

23 FUENTES: Second.

24 CHAIRMAN HORNE: All in favor?

MARZULLO REPORTING AGENCY (312) 321-9365

♀

46

1 (A chorus of ayes.)

2 CHAIRMAN HORNE: Okay. Is that it on this? I
3 believe that covers the agenda.

4 Is there any public comment? If none, I
5 would ask for a motion for adjournment.

6 McCOY: So moved.

7 GOETZ: Second.

8 FLETCHER: The time is 9:29.

9 (WHICH WERE ALL THE PROCEEDINGS HAD at 9:29.)

10

11

12

PAMELA A. MARZULLO, C. S. R., being first duly sworn, says that she is a court reporter doing business in the city of Chicago; that she reported in shorthand the proceedings had at the Proceedings of said cause; that the foregoing is a true and correct transcript of her shorthand notes, so taken as aforesaid, and contains all the proceedings of said hearing.
